

2022 Summer Reading

Dublin City Schools Philosophy on Summer Reading:

Literacy involves reading, writing, speaking, listening, thinking, and interacting. When considering reading, research shows that choice and volume of reading are essential to reading development. Reading over the summer is a critical way to maintain and build upon the reading habits developed throughout the school year. Dublin City Schools values our students' reading lives. Therefore, we will provide year-round opportunities for our students to engage in experiences that will allow them to grow in literacy.

Dublin City Schools Summer Reading Essential Question:

How does what we know about the world affect how we view ourselves?

Summer Reading Expectations:

Each student reads **a minimum of 2 books** during the summer.

The student may choose any book they are interested in reading as their first title.

When considering the second title, DCS teachers have created a short list of suggested books. These texts are relevant and connect to the summer reading essential questions. Students are **required to read one of these suggested titles** because engaging in a community-read fulfills the primary purpose of summer reading: to provide an opportunity for our students to engage in an experience that will allow them to grow in literacy.

Student Assignment:

1. Complete the "Which book should I read?" activity in Schoology
2. Read one of the district-suggested titles for your 2022-2023 grade level/course.
3. Refer to the grade-level guiding questions and consider them while reading.
4. Jot down thoughts related to the guiding questions using the provided organizer.
5. Select any other book of your choice to read that is of an appropriate topic and reading level.
6. Be prepared to participate in classroom writing and discussions revolving around your summer reading choices in the fall.
