

# Summer 2023 Afterschool Enrichment Solutions Programs in the Dublin School District!

## Chess Scholars/Let's Code It Camp

Travel through time with us! We are combining the classic, royal game of chess with our innovative approach to computer coding for this camp session. Whether you are a beginning chess player or tournament ready, everyone is invited and will be challenged. Be ready to jump ahead in time to spark an interest in computer science! Prepare for the 21st century and beyond by acquiring beneficial program solving skills and useful technical knowledge. You can attend the morning camp for Chess, or attend the afternoon camp for Coding, or better yet, attend the Full Day camp for a holistic Chess and Coding experience!

There will be a lunch period for Whole-Day campers (parents provide a sack lunch and drink). Students are supervised during the lunch period and snacks.

**Please send your student to the camp with one or two nut-free snacks. Food will not be provided.**
