

At Girl Scouts, we're all about girls.

We think it's important for girls to have a space that's all their own, where they can confidently try new things and explore what interests them.

We've been serving girls since 1912, and have programs for grades K-12 focusing on:

STEM - Computer science, engineering, robotics, outdoor STEM and more

OUTDOORS - Adventure and skill building, including through camping experiences for all age levels, from the backyard to the backcountry

LIFE SKILLS - Civic engagement, healthy living, global citizenship, communication skills

ENTREPRENEURSHIP - The Girl Scout Cookie Program — the largest girl-led entrepreneurial program in the world — teaches goal setting, decision making, money management, business ethics, and people skills.

For more information about getting involved with Girl Scouts in Dublin, contact Laurie Wirt at lwirt@gsOH.org or (614) 340-8835.
