**Dublin City Schools Philosophy for English Language Learners**

Dublin City Schools values the stories, identities, languages, and life experiences of multilingual learners. We believe students are agents of their own learning. We nurture the linguistic strengths and the cultural wealth that multilingual learners bring. We connect students' literacy and languages to their present learning purposes and choices.

**Instructional Agreements**

Among the district's multilingual students, many also qualify as English Learners per state and federal guidance. The English Learner Program recognizes that students become critical thinkers and independent learners in English through a variety of learning experiences in an environment that increases self-confidence and promotes risk-taking. The English Learning courses help build interrelated target language practices by focusing on objectives for listening, informal and formal speaking, reading comprehension/strategies, writing, vocabulary development, and research skills. English Learners are guaranteed equal access to content area learning and acquire both English language proficiency and content area knowledge concurrently with the support of specially designed instruction.

**Course Goals**

EL 906 English Studies Intermediate is rooted in Ohio's English Language Proficiency (ELP) Standards and focuses on developing language functions and forms in English necessary for English Learners to meaningfully engage in content-specific practices outlined in the Common Core State Standards for English language arts and literacy, mathematics, and science. Learning progresses from a focus on making meaning to using language to engage in the practices. Linguistic features of English constitute important objectives in the service of student's present language learning purposes.

Emphasis in this course is on developing a student's English proficiency using language arts content. This course is aligned to both Ohio's 2015 ELP Standards and Ohio's 2017 Learning Standards for English Language Arts. EL 906 English Studies Intermediate is the second course on the continuum of high school EL sheltered ELA courses. EL 906 further develops the specific English proficiencies responsively for each student.

**Course Objectives**

<b>Language Modality</b> <b>Receptive:</b> This mode refers to the learner as a reader or listener/viewer working with ‘text’ whose author or deliverer is not present or accessible. It presumes that the interaction is with authentic written or oral documents where language input is meaningful and content laden. The learner brings background knowledge, experience, and appropriate interpretive strategies to the task to promote understanding of language and content in order to develop a personal reaction. (Phillips, 2008, p. 96)	
<b>Outcome ELP Standard</b>	<b>Student Competencies Descriptors (Level 2)</b>
1. construct meaning from oral presentations and literary and informational text through grade-appropriate listening, reading, and viewing  8. determine the meaning of words and phrases in oral presentations and literary and informational text	1:2 Use an emerging set of strategies to: <ul style="list-style-type: none"> <li>● identify the main topic</li> <li>● retell a few key details in oral presentations and simple oral and written texts</li> </ul> 8:2 Using context, visual aids, reference materials, and knowledge of morphology in their native language, <ul style="list-style-type: none"> <li>● determine the meaning of frequently occurring words, phrases, and expressions in texts about familiar topics, experiences, or events.</li> </ul>

## Language Modality

**Productive:** The mode places the learner as speaker and writer for a 'distant' audience, one with whom interaction is not possible or limited. The communication is set for a specified audience, has purpose, and generally abides by rules of genre or style. It is a planned or formalized speech act or written document, and the learner has an opportunity to draft, get feedback, and revise, before publication or broadcast. (Phillips, 2008, p. 96)
