Dublin City Schools Philosophy for English Learners

Dublin City Schools values the stories, identities, languages, and life experiences of multilingual learners. We believe students are agents of their own learning. We nurture the linguistic strengths and the cultural wealth that multilingual learners bring. We connect students' literacy and languages to their present learning purposes and choices.

Instructional Agreements

Among the district's multilingual students, many also qualify as English Learners per state and federal guidance. The English Learner Program recognizes that students become critical thinkers and independent learners in English through a variety of learning experiences in an environment that increases self-confidence and promotes risk-taking. The English Learning courses help build interrelated target language practices by focusing on objectives for listening, informal and formal speaking, reading comprehension/strategies, writing, vocabulary development, and research skills. English Learners are guaranteed equal access to content area learning and acquire both English language proficiency and content area knowledge concurrently with the support of specially designed instruction.

Course Goals

EL Language Arts/ Advanced is rooted in Ohio's English Language Proficiency (ELP) Standards and focuses on developing language functions and forms in English necessary for English Learners to meaningfully engage in content-specific practices outlined in the Common Core State Standards for English language arts and literacy, mathematics, and science. Learning progresses from a focus on making meaning to using language to engage in the practices. Linguistic features of English constitute important objectives in the service of student's present language learning purposes.

Emphasis in this course is on developing a student's English proficiency while immersed in grade level language arts content. This course is aligned to both Ohio's 2015 ELP Standards and Ohio's 2017 Learning Standards for English Language Arts. EL English Language Arts/ Advanced is a supported course for students nearing English proficiency. Set in either the mainstream classroom or EL classroom environment, the goal of this course is to further develop specific English proficiencies responsively for each student with increasing connections to units of study and resources outlined in the adopted ELA graded courses of study.

Major Categories of Study are aligned to Ohio’s Learning Standards for English Language Arts Grades 6-8 and the Dublin City Schools 6-8 Graded Courses of Study and include:

Course Objectives

Language Modality Receptive: This mode refers to the learner as a reader or listener/viewer working with ‘text’ whose author or deliverer is not present or accessible. It presumes that the interaction is with authentic written or oral documents where language input is meaningful and content laden. The learner brings background knowledge, experience, and appropriate interpretive strategies to the task to promote understanding of language and content in order to develop a personal reaction. (Phillips, 2008, p. 96)	
Outcome ELP Standard	Student Competencies Descriptors (Levels 4/5)

The communication is set for a specified audience, has purpose, and generally abides by rules of genre or style. It is a planned or formalized speech act or written document, and the learner has an opportunity to draft, get feedback, and revise, before publication or broadcast. (Phillips, 2008, p. 96)
