During the first semester of the 2019/20 school year, the PSW online reporting site received **102** reports of which **5** were determined to be false reports. Of the remaining **97** reports, **45** were for bullying, harassment or intimidation, with one report sent in twice and two others reported twice by separate submissions. Each report containing enough information was investigated and details on the action taken was entered into the PublicSchoolWorks Behavior Management system. These actions could range from conferences to out-of-school suspensions for the students involved. The bullying report breaks down into **8** elementary reports, **17** middle school reports and **20** high school reports.
